2026 - 2027 PROGRAM GUIDE

More Than a Beauty School.

Our mission is to elevate beauty education through an inspiring and supportive environment that combines technical excellence, hands-on training, mentorship, creativity and real-world business knowledge.

We prepare students not only to pursue licensure, but to build lasting careers in the beauty and skincare industry.

THE TWO TWENTY DIFFERENCE

Small cohorts of up to 15 students | Pivot Point curriculum

Professional skincare product education | Experienced educators

Supervised client facials | Career and business preparation

PROGRAM OVERVIEW

Our 600-hour on-campus Esthetics Program combines classroom theory, live demonstrations, guided practice, skin analysis, supervised client services and professional development. Students build skills in skincare services, facial treatments, hair removal, makeup, safety and client consultation.

THEORY + PRACTICAL TRAINING

Theory includes skin science, anatomy, infection control, product knowledge, state laws and treatment planning. Practical education includes demonstrations, partner practice and supervised services. All instruction counts toward the 600-hour program.
