**CREATIVITY. CONFIDENCE.
A CAREER WITH PURPOSE.**

2026 - 2027 PROGRAM GUIDE

More Than a Beauty School.

Our mission is to elevate beauty education through an inspiring and supportive environment that combines technical excellence, hands-on training, mentorship, creativity and real-world business knowledge.

We prepare students not only to pursue licensure, but to build lasting careers in the beauty industry.

THE TWO TWENTY DIFFERENCE

Small cohorts of up to 15 students | Pivot Point curriculum

Professional product education | Guest educators

Supervised salon-client services | Career and business preparation

PROGRAM OVERVIEW

The 1,000-hour on-campus Cosmetology Program combines classroom theory, demonstrations, mannequin practice, guided technical instruction, competency assessments and supervised client services. Students study hair, skin, nails, health, safety and sanitation.

THEORY + PRACTICAL TRAINING

Theory covers foundational science, laws, safety, sanitation, product knowledge and service planning. Practical learning builds technique through demonstrations, mannequin work and supervised applications. Both are included within the 1,000-hour program.

What You Will Learn

REQUIRED INSTRUCTIONAL SUBJECT	HOURS
Health and safety	100
Disinfection and sanitation	100
Chemical hair services	200
Hairstyling, including haircutting	200
Skin care services	150
Hair removal and lash/brow beautification	50
Manicure and pedicure services	100
Remaining hours in approved curriculum	100
TOTAL PROGRAM	1,000

The named subject areas account for 900 minimum hours. The remaining 100 hours must be assigned within the Academy's approved curriculum. The exact theory/practical split should be confirmed against the approved program outline.

EDUCATION BUILT AROUND REAL-WORLD EXPERIENCE

Hair cutting / Color / Texture / Skin / Nails / Salon business

Invest in Your Future
